The Should Secure Passports

## THE RIVER AND HARBOR BILL.

Captain Powell—Big Coal Strike—  
The "Monarch" in Trouble—  
Other News Notes.

## Procure Passports.

WASHINGTON, January 5.—The Secretary of State has a dispatch from Frederick Raine, United States Consul-General at Berlin, setting forth the annoyances to which United States citizens visiting Europe and especially Germany, subject themselves by neglecting to procure passports before leaving this country. Berlin, Frankfurt, Hamburg, Leipzig and other cities of the German Empire are subject to a so-called "small state of siege." Every stranger or foreigner visiting these places is requested to identify himself by procuring passports. Ladies are not exempted. Immediately after the arrival of a stranger, the police authorities demand the production of a passport and if this is not provided, one must either procure one at the nearest United States legation or submit to annoyances, if not a peremptory order to leave. No stranger can enter the dominions of the Russian empire without passports, while in several places of Austria and Italy similar prohibitory orders are enforced. Students desiring to enter German universities can matriculate upon producing passports. The latter are retained by the authorities of the universities, and a ticket of protection or university membership is issued. After such membership ceases, the passport is returned to the owner.

## RELIEVED FROM DUTY.

Major Jones is Succeeded by Captain Powell.

WASHINGTON, D. C., January 5.—The Secretary of War, in compliance with the resolution of the Senate offered by Senator Mitchell, has sent to that body a letter by General Parks, stating that Major Jones, the engineer formerly in charge of the improvements at the Cascades of the Columbia, in Oregon, was relieved by Captain Powell for the reason that General Parks was not willing to assume the responsibility of recommending or authorizing the approval of the project for work of this character. Mr. Jones was an officer whose administrative skill, capacity and ability were most satisfactory to me, but in order that there should be no further delay in the work, I was perfectly ready to make the recommendation in the case and that was for Captain Powell to relieve Major Jones of the charge of the improvements. This was authorized by the Secretary of War, and the transfer was thereupon effected.

## Big Coal Strike.

New York, January 5.—The men employed on the coal dumps at Port Johnson and Elizabethport, who struck on Monday, to resist a reduction of wages, were joined, yesterday, by the men at Two Ambros, Hoboken, and Weehawken. This makes seven coal ports or places of deposit, at which the men are on strike. At each place thousands of tons of coal lying on the dumps, or stored on the cars, are awaiting hands to load on the boats. Altogether there are tied up 10,000 tons of coal, and 250 men stand idle. In addition to the strikers more than 1,000 men are forced into idleness, at five mines of the Lehigh Coal Company in Wilkesbarre, where work has been suspended pending a settlement of the strike.

## Lamar's Marriage.

MACON, Ga., January 5.—Secretary Lamar was married this morning, at the residence of the bride, to Mrs. William S. Holt, of Macon. The Secretary and bride will leave here this afternoon to spend the evening with Governor Gordon, and to tomorrow morning will leave for Oxford, Miss., to visit relatives of the Secretary, and then go to Washington.

## Knocking Down to the Tenants.

LONDON, January 5.—The Skidmore Company has offered its Irish estates in Londonderry to the tenants at prices aggregating eighteen years' rental in each case, and has proposed to settle with the tenants for all arrears at a rent of 50 per cent. reduction.

## Quay Gets There.

HARRISBURG, January 5.—In the Republican legislative caucus, to-day, to select a candidate for United States Senator to succeed John I. Mitchell, whose term will expire on March 4th, M. S. Quay received 133 votes and Galsbush A. Grow 9 votes.

## Capital Chops.

WASHINGTON, January 5.—The new civil service rules have been approved by the President. Private telegrams received state that Secretary Lamar was married this morning, to Mrs. Holt, of Macon, Georgia.

## Russia Denounced.

NEW YORK, January 5.—The council of the Fenian Brotherhood has issued another circular, denouncing O'Donovan Rossa.

## THE MONARCH IN TROUBLE.

Three Petitions for a Declaration of Bankruptcy Filed.

LONDON, January 5.—Three petitions for a declaration of bankruptcy were filed to-day against the Monarch Steamship Company. Mr. Smith Chapman, of the company, was appointed by the court to receive the corporation until Thursday next, the concern to endeavor to reconstruct during the interval. The officials of the company, in explanation of the filing of the petitions, say they had £135,000 in debentures due on the 1st inst., and they fully expected the whole amount would have been provided for. At the last meeting, however, a portion proved unavailable, through a technical difficulty, and the protection of the court was therefore sought, pending the adoption of the scheme of reconstruction by the company.
